

**REMARKS/ARGUMENTS**

Claims 1-81 and 83-86 have been allowed. Claim 83 and Figures 39, 40, and 41 are amended herein. Basis for these amendments may be found throughout the specification and claims as originally filed. For example, basis for the amendment in claim 83 and in Figures 39, 40, and 41 may be found on page 3, lines 1-2, wherein Artemisinin is shown to have the stereochemistry shown at positions 5a and 8a. Similarly, the claimed Artemisinin derivatives in claim 83 and in Figures 39, 40, and 41, have the corresponding stereochemistry at these positions. These amendments have been made in order to clarify the claimed subject matter. No additional searches and no more than a cursory review by the Examiner are required. No new matter has been added.

**CONCLUSION**

Entry of this Amendment after Notice of Allowance under Rule 312, which is accompanied by the requisite issue fee due May 12, 2008, is respectfully requested.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 858-350-6100.

Respectfully submitted,
